

Returns & Shipping Policy

Hearthstone Coffee Co. | 1140 SE Ankeny Street, Portland, Oregon 97214 | Version 3.1, effective 1 March 2026

1. Introduction

There are three of us and we pack every order by hand. If something is not right, we want to hear about it and we will make it right. This document explains exactly how, so there are no surprises for either of us.

This policy applies to all retail orders placed through hearthstonecoffee.com. It does not apply to wholesale accounts, which are governed by the separate Wholesale Supply Agreement signed at account opening. It does not apply to products bought from a cafe or shop that stocks our coffee; those are returned to the retailer you bought them from.

Nothing in this policy limits your statutory rights under the consumer law of your state or country. Where a legal right gives you more than this policy does, the law wins.

1.1 Definitions

Delivery date means the date on which the carrier's tracking marks the parcel as delivered. **Roast day** means Tuesday or Friday, the two days each week on which we roast and dispatch coffee. **Working day** means Monday to Friday excluding United States federal holidays. **Gear** means grinders, kettles, brewers, scales and accessories, that is, anything that is not coffee.

2. Returns

2.1 The return window

You may request a return within **30 days of the delivery date**. The window is counted from the day the carrier marked the parcel delivered, not from the day you ordered and not from the day you opened the box. Requests received after 30 days cannot be accepted, though if you are a day or two over and have a good reason, email us anyway; we are people, not a vending machine.

2.2 Condition summary

Item	Condition	Refund
Gear	Unused, original packaging	Full refund
Gear	Used, clean and resaleable	Refund less 15% restocking fee
Gear	Damaged by use or misuse	Not accepted
Coffee	Unopened bag	Full refund
Coffee	Opened bag	Not accepted (see 2.4)
Gift card	Any	Not accepted
Final Sale item	Any	Not accepted

2.3 Returning gear

Grinders, kettles, brewers, scales and accessories may be returned within the 30 day window. If the item is unused and in its original packaging, you receive a full refund of the purchase price. If the item has been used but arrives back to us clean and in resaleable condition, we will accept it with a **15 percent restocking fee** deducted from the refund, because we cannot sell it as new again.

Please include all parts, brushes, lids, spare gaskets and manuals. A grinder returned without its burr brush is not a complete grinder, and we will deduct the replacement cost of any missing part in addition to any restocking fee.

A grinder with coffee still in it is not clean. Empty and brush it out before packing.

2.4 Returning coffee

Coffee is a perishable food product, and food safety rules mean that once a bag is open we cannot resell it or take it back. Unopened bags may be returned within 30 days for a full refund.

The taste guarantee. If you opened a bag and simply do not enjoy the coffee you chose, do not post it back. Email us within 30 days, tell us what you did not like about it, and we will send you a different coffee of the same size, free, once per customer. Keep the bag you have; give it to a neighbour who is less fussy. We would rather you drank something you loved than shipped a bag of beans across the country.

The taste guarantee is a goodwill measure, not a subscription to free coffee. It applies once per customer, to a coffee you have not had from us before, and it does not apply to bags bought at a discount of more than 20 percent.

2.5 How to start a return

Email **hello@hearthstonecoffee.com** with your order number and one sentence about what went wrong. We will reply within one working day with a prepaid return label and instructions. Please do not post anything back before you have that label. Unlabelled parcels arrive with no way for us to tell whose they are, and they sit on a shelf while we play detective.

2.6 Who pays return postage

Reason for return	Who pays return postage
Item faulty or damaged in transit	We do
We sent the wrong item	We do
Item not as described on the site	We do
You changed your mind	You do, deducted from the refund at cost
Item did not suit your brew method	You do, deducted from the refund at cost

Where you pay, we deduct the actual cost of the label from your refund. Within the United States this is typically between \$6 and \$12 depending on weight. For Canadian returns it is typically \$20 to \$30, and for international returns it is often more than the item is worth, which is why we ask international customers to email before returning anything so we can work out whether it is worth doing at all.

2.7 Refund timing and method

Once your return reaches the workshop we inspect it within **2 working days** and issue the refund on the day it is approved. Refunds go to the original payment method; we cannot refund to a different card, to store credit at your request, or to somebody else's account. Your bank will typically show the money within **5 to 10 working days** of us issuing it, which is out of our hands and not something we can accelerate.

Original outbound shipping is refunded only where the return is our fault. If you paid \$5 standard shipping and changed your mind, you get the item cost back, not the \$5.

2.8 Exchanges

We do not process exchanges as a single transaction, because holding an item while a return travels usually takes longer than everyone expects. Return the original for a refund and place a new order. If the exchange is because of our error, email us and we will send the correct item immediately without waiting for the wrong one to come back.

2.9 Damaged or faulty on arrival

If your order arrives damaged, email us **within 7 days of delivery** with a photograph of the item and a photograph of the outer box. The box photo matters, because it tells us whether to argue with the carrier or with ourselves. We will send a replacement on the next roast day at no cost, and in most cases you will not need to return the damaged item.

Faults that appear later and are covered by the manufacturer warranty are handled as warranty claims under section 4, not as returns.

2.10 Items we cannot accept back

Opened coffee bags. Gift cards. Items marked Final Sale on the product page. Wholesale orders. Items returned more than 30 days after delivery. Items returned without a return label arranged with us first. Items damaged by misuse, disassembly, or a dishwasher.

3. Shipping

3.1 When we ship

We roast on **Tuesdays and Fridays** and ship coffee the same day it comes off the roaster. This is deliberate: it means your beans are usually less than 24 hours old when they leave us, rather than sitting in a warehouse for a fortnight.

Order contains	Dispatch
Coffee only	Next roast day (Tuesday or Friday)
Gear only	Within 1 working day
Coffee and gear together	Next roast day, shipped as one parcel
Coffee and gear, split requested	Gear within 1 working day, coffee on roast day

Splitting a mixed order means two parcels and two shipping charges. Ask at checkout in the notes field or email us straight after ordering.

3.2 United States rates

Service	Cost	Transit time
Standard	\$5.00	3 to 5 working days
Standard, orders over \$45	Free	3 to 5 working days
Express	\$15.00	1 to 2 working days
Subscription delivery	Free	3 to 5 working days
Local pickup (Portland)	Free	Ready in 1 working day

We ship to all 50 states. Alaska and Hawaii are charged at the same rates but typically add **2 working days** to the transit time above. We ship to PO boxes and to APO and FPO addresses; APO and FPO transit times are unpredictable and can reach 3 weeks, and express is not available to them.

Transit times begin when the parcel leaves us, not when you place the order. An order of coffee placed on a Saturday will not ship until Tuesday, so standard shipping means it lands the following Friday at the earliest. If you need it faster, order before a roast day and pick express.

3.3 Canada

We ship to all Canadian provinces and territories. Shipping is a **flat \$18** and takes **7 to 12 working days**. There is no free shipping threshold for Canada, and the free shipping that comes with a subscription applies to United States addresses only; Canadian subscribers pay \$18 on each delivery.

Duties and taxes. Canadian customers are responsible for any duties, GST, HST, PST or brokerage fees charged when the parcel enters Canada. These are set and collected by the Canada Border Services Agency and the carrier, not by us. We cannot calculate them in advance, we cannot prepay them, and we cannot refund them. Coffee usually attracts modest or no duty; brokerage fees are the charge that surprises people, and they are typically \$10 to \$20.

We will not mark a parcel as a gift or understate its value on the customs form. It is fraud, and we are not doing it for a bag of beans.

If a Canadian parcel is refused at the door because of duties, it comes back to us. We will refund the goods but not the original \$18, and the return shipping cost is deducted as well.

3.4 International

We ship to the **United Kingdom, Ireland, Germany, France, the Netherlands, Australia and New Zealand**. International shipping is a **flat \$32** and takes **10 to 21 working days**. We do not ship anywhere else at present. We are asked about Japan, Singapore and the UAE regularly and we are looking at them; join the newsletter and you will hear when it changes.

As with Canada, all duties, VAT and import charges are the customer's responsibility and are payable to the carrier or customs authority on arrival. Deliveries to the EU and the UK will normally attract import VAT. Express shipping is not available internationally.

3.5 Shipping rate summary

Destination	Cost	Transit	Free shipping?
United States, standard	\$5	3 to 5 working days	Yes, over \$45
United States, express	\$15	1 to 2 working days	No
Alaska and Hawaii	\$5 / \$15	Add 2 working days	Yes, over \$45
Canada	\$18 flat	7 to 12 working days	No
UK, IE, DE, FR, NL, AU, NZ	\$32 flat	10 to 21 working days	No

3.6 Tracking

Every order ships with tracking. You will receive an email containing the tracking number the moment the label prints, which is usually a few hours before the parcel physically leaves. If the tracking has not updated for more than **5 working days**, email us and we will chase the carrier on your behalf. You do not need to sit on hold; that is our job.

3.7 Lost parcels

If tracking shows your parcel in transit but it has not arrived and the transit window has passed by 5 working days, email us and we will open a claim. If tracking shows the parcel as **delivered** but you do not have it, please check with neighbours, around the building, and with anyone else at the address first, because the overwhelming majority turn up within a day. If it does not, email us **within 14 days of the delivery date**.

We will open a claim with the carrier. If the claim is not resolved within **21 days**, we will replace or refund the order ourselves rather than leave you waiting on a carrier's paperwork. Claims raised more than 14 days after the delivery date cannot be opened, because the carriers will not accept them from us.

3.8 Wrong or incomplete addresses

Please check your address at checkout, including the apartment number. If a parcel is returned to us because the address was wrong or incomplete, we will happily resend it, but the second postage charge is

payable by you. If you spot the mistake before the label prints, email us immediately and we will fix it for free.

3.9 Weather, holidays and other things we cannot control

Transit times are the carrier's estimates, not guarantees, and they stretch around public holidays, storms, and the last two weeks of December. If your order is time sensitive, for a gift or an event, order earlier than you think you need to and choose express. We will always tell you honestly whether something will make it in time if you ask before ordering.

4. Warranties

Product	Warranty period
Grinders (Daybreak, Ember Hand, Ember Electric)	2 years
Stone Electric Kettle	2 years
Stovetop kettles (Stone Gooseneck, Copper Gooseneck)	1 year
Brewers, scales, accessories	1 year

Warranty periods run from the delivery date and cover manufacturing defects. They do not cover normal wear, including burrs dulling over years of use; accidental damage, including dropped kettles and cracked ceramic; damage from cleaning methods the manual tells you not to use, chiefly dishwashers; or damage caused by grinding anything that is not coffee. Spices, in particular, will destroy a coffee grinder and are not covered.

To raise a warranty claim, email us with your order number, a description of the fault, and a photograph or short video if the fault is visible. We will usually resolve it by sending a replacement part, which is faster for you than shipping the whole thing back to us. Where the unit must come back, we pay the postage.

Out of warranty, email us anyway. We keep spares for most of what we sell and we will sell you the part at cost. We would much rather repair a grinder than sell you a new one.

5. Cancellations

One off orders. If your order has not shipped, we will cancel and refund it in full, no questions. Email us with the order number as soon as you can. Once the label has printed we cannot cancel, but you can return it under section 2.

Subscriptions. Pause, skip, change or cancel any time from your account page. There is no minimum term, no notice period and no cancellation fee. The one exception: if you cancel after your coffee has already been roasted for that cycle, that final bag still ships and is charged, because it has already been made specifically for you and we cannot sell it to anyone else.

Local pickup orders. Uncollected pickup orders are held for 14 days. After that, coffee is donated to the crew and the order is refunded less a \$5 handling charge, because it has been roasted.

6. Contacting us

Everything in this policy starts with one email address: **hello@hearthstonecoffee.com**. A real person reads it. We answer within one working day, occasionally two if it is a roast day and everything is on fire. We do not have a phone line, because there are three of us and two are usually holding hot metal.

When you write, please include your order number. It is in your confirmation email and it starts with HS. It turns a twenty minute search into a five second one, and it means we can actually help you on the first reply.

Hearthstone Coffee Co. reserves the right to update this policy. The version in force is the one published on hearthstonecoffee.com on the date your order was placed. This version, 3.1, replaces version 3.0 of 14 August 2025.
